97 - 129kW

BUCKET CAPACITY
0.21 - 0.87m³

STRENGTH & DURABILITY.

With JCB excavators, strength and durability come as standard. Advanced design, manufacturing and assembly produces high quality components designed to last.

TRIED AND PROVEN

Our DIESELMAX engines have been proven to perform in some of the world's toughest applications.

PRODUCTIVITY & PERFORMANCE.

Our wheeled excavator range is designed to make the most efficient use of your time and money using innovative Stage V features.

MINIMUM DOWNTIME

Automatic regeneration minimises downtime, while features such as autostop and auto-idle reduce idle time.

A COMFORTABLE OFFICE.

Our excavator cab houses a range of advanced technology features alongside ergonomic design, to create a comfortable working environment for operators.

COMFORTABLY IN CONTROL

Light, intuitive controls with incorporated boost button provide precise hydraulic power and control.

GREATER SERVICEABILITY.

Our excavator range is designed to be low maintenance and easily serviceable. When maintenance needs to be carried out, it will be quick and easy.

QUICK FIND FILTERS

Easily located filters make removal and inspection simple.

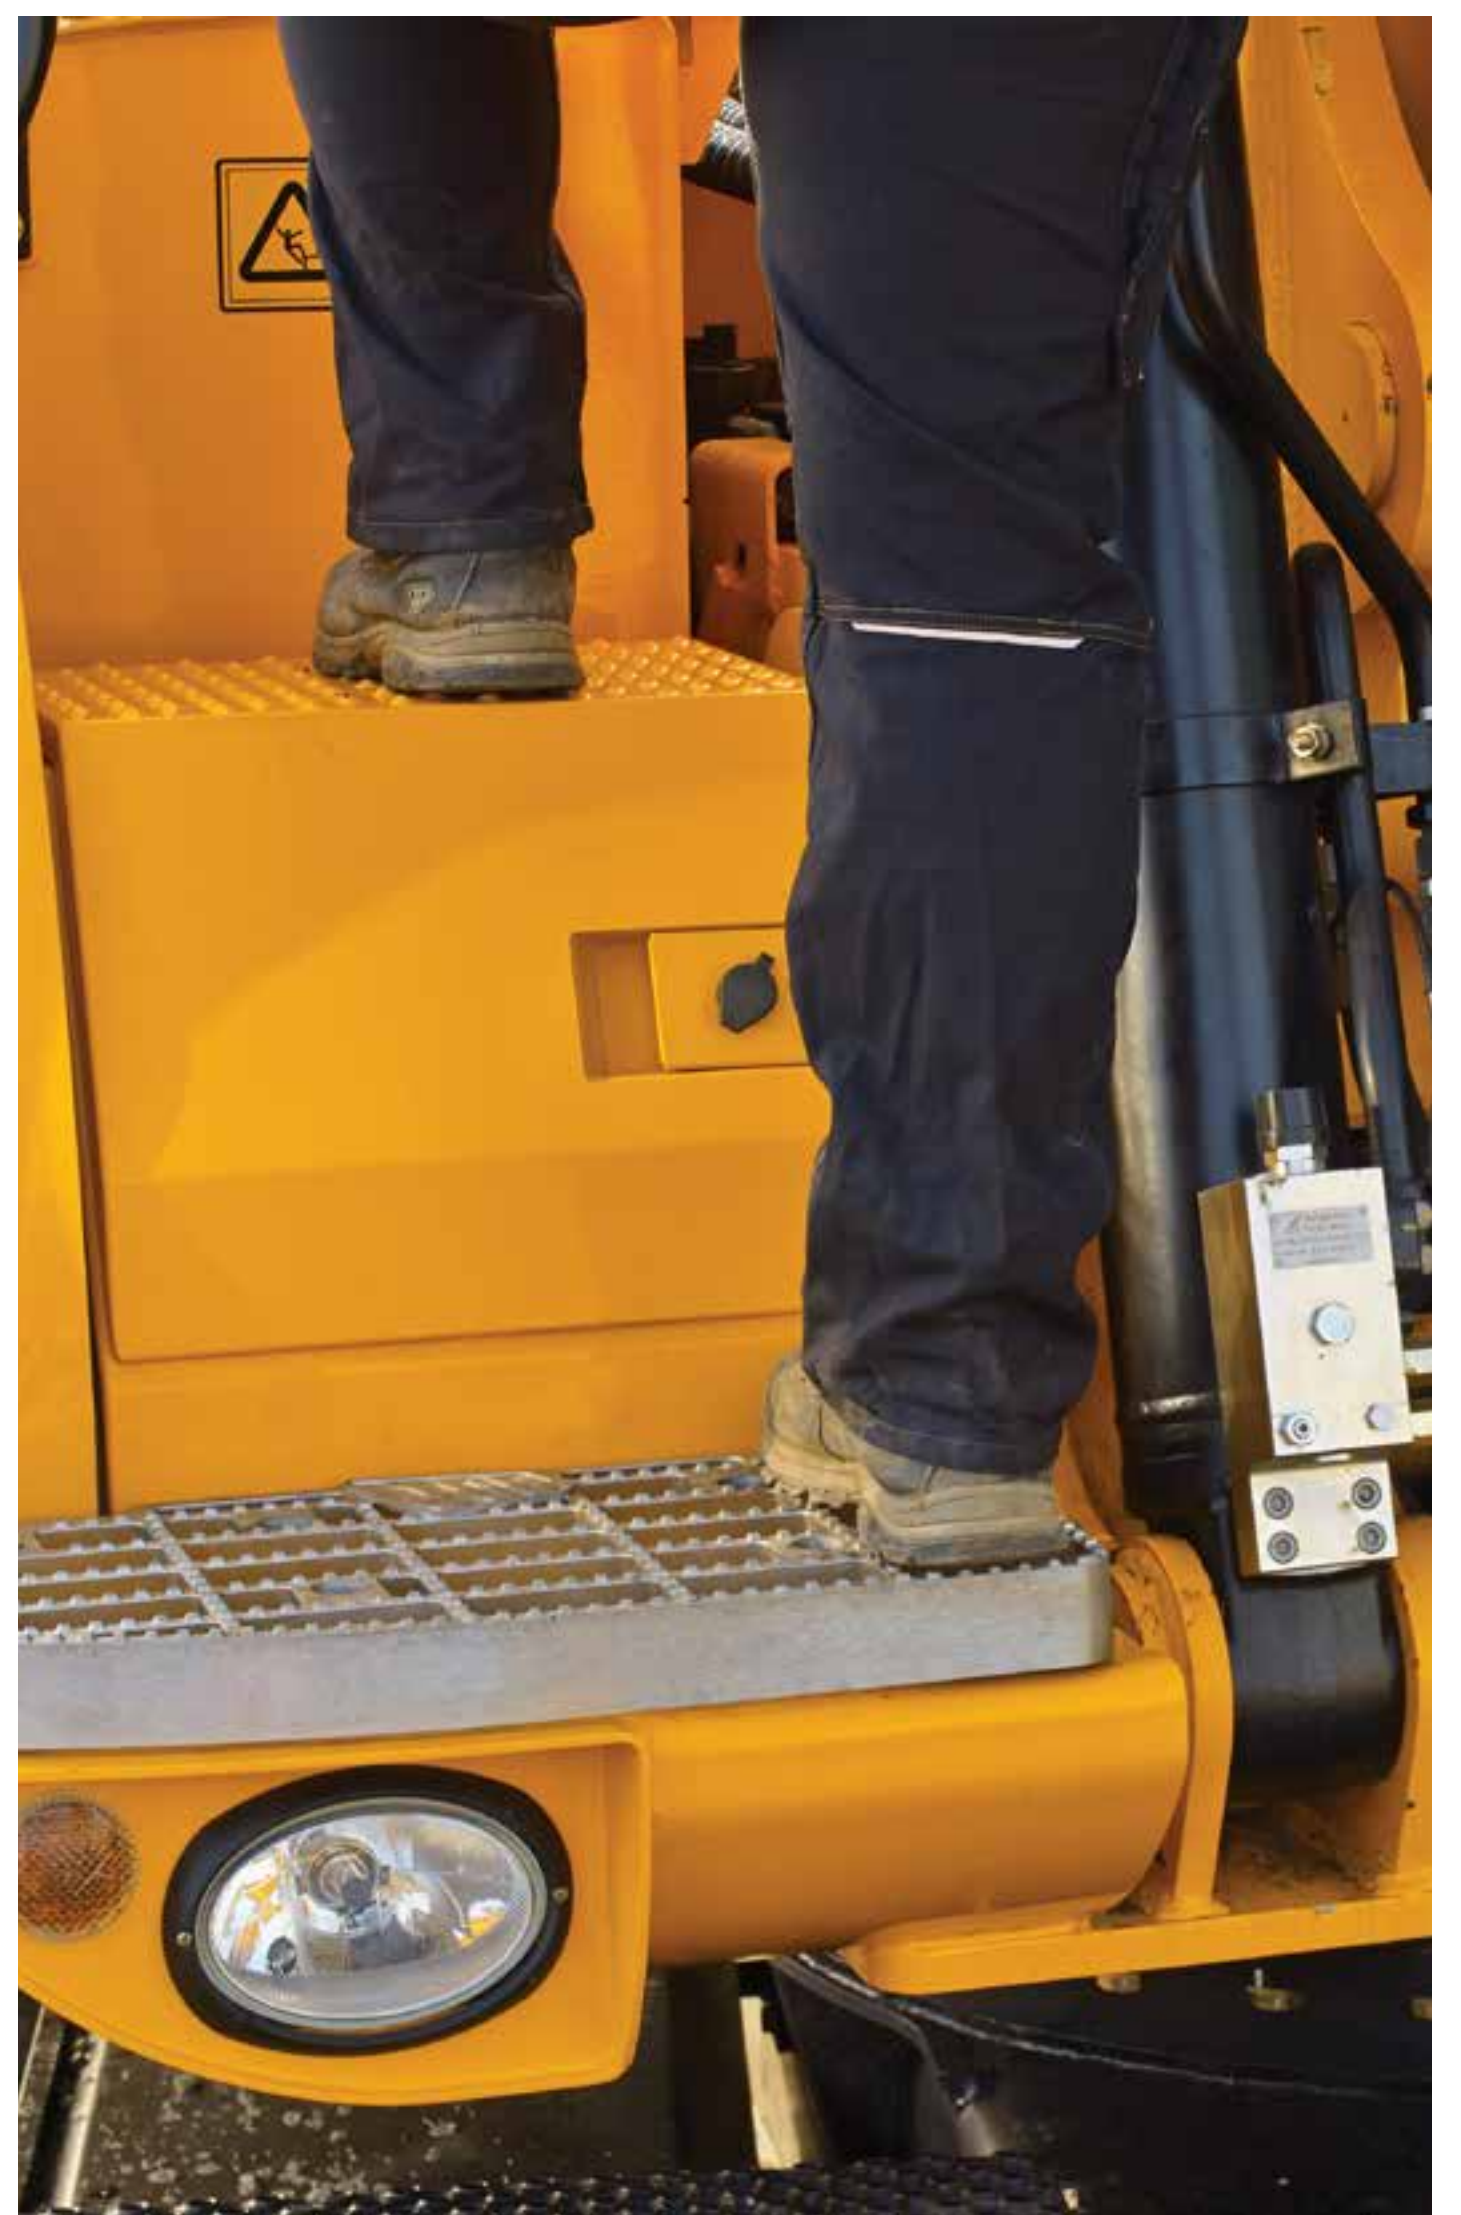

THE SAFE CHOICE.

Operator and site safety are of major importance. That's why our machines incorporate many features that minimise risk and create a safer environment.

SAFER SERVICING

Standard safety features include: anti-slip surfaces, rear cameras, plus the JCB 2GO system.
